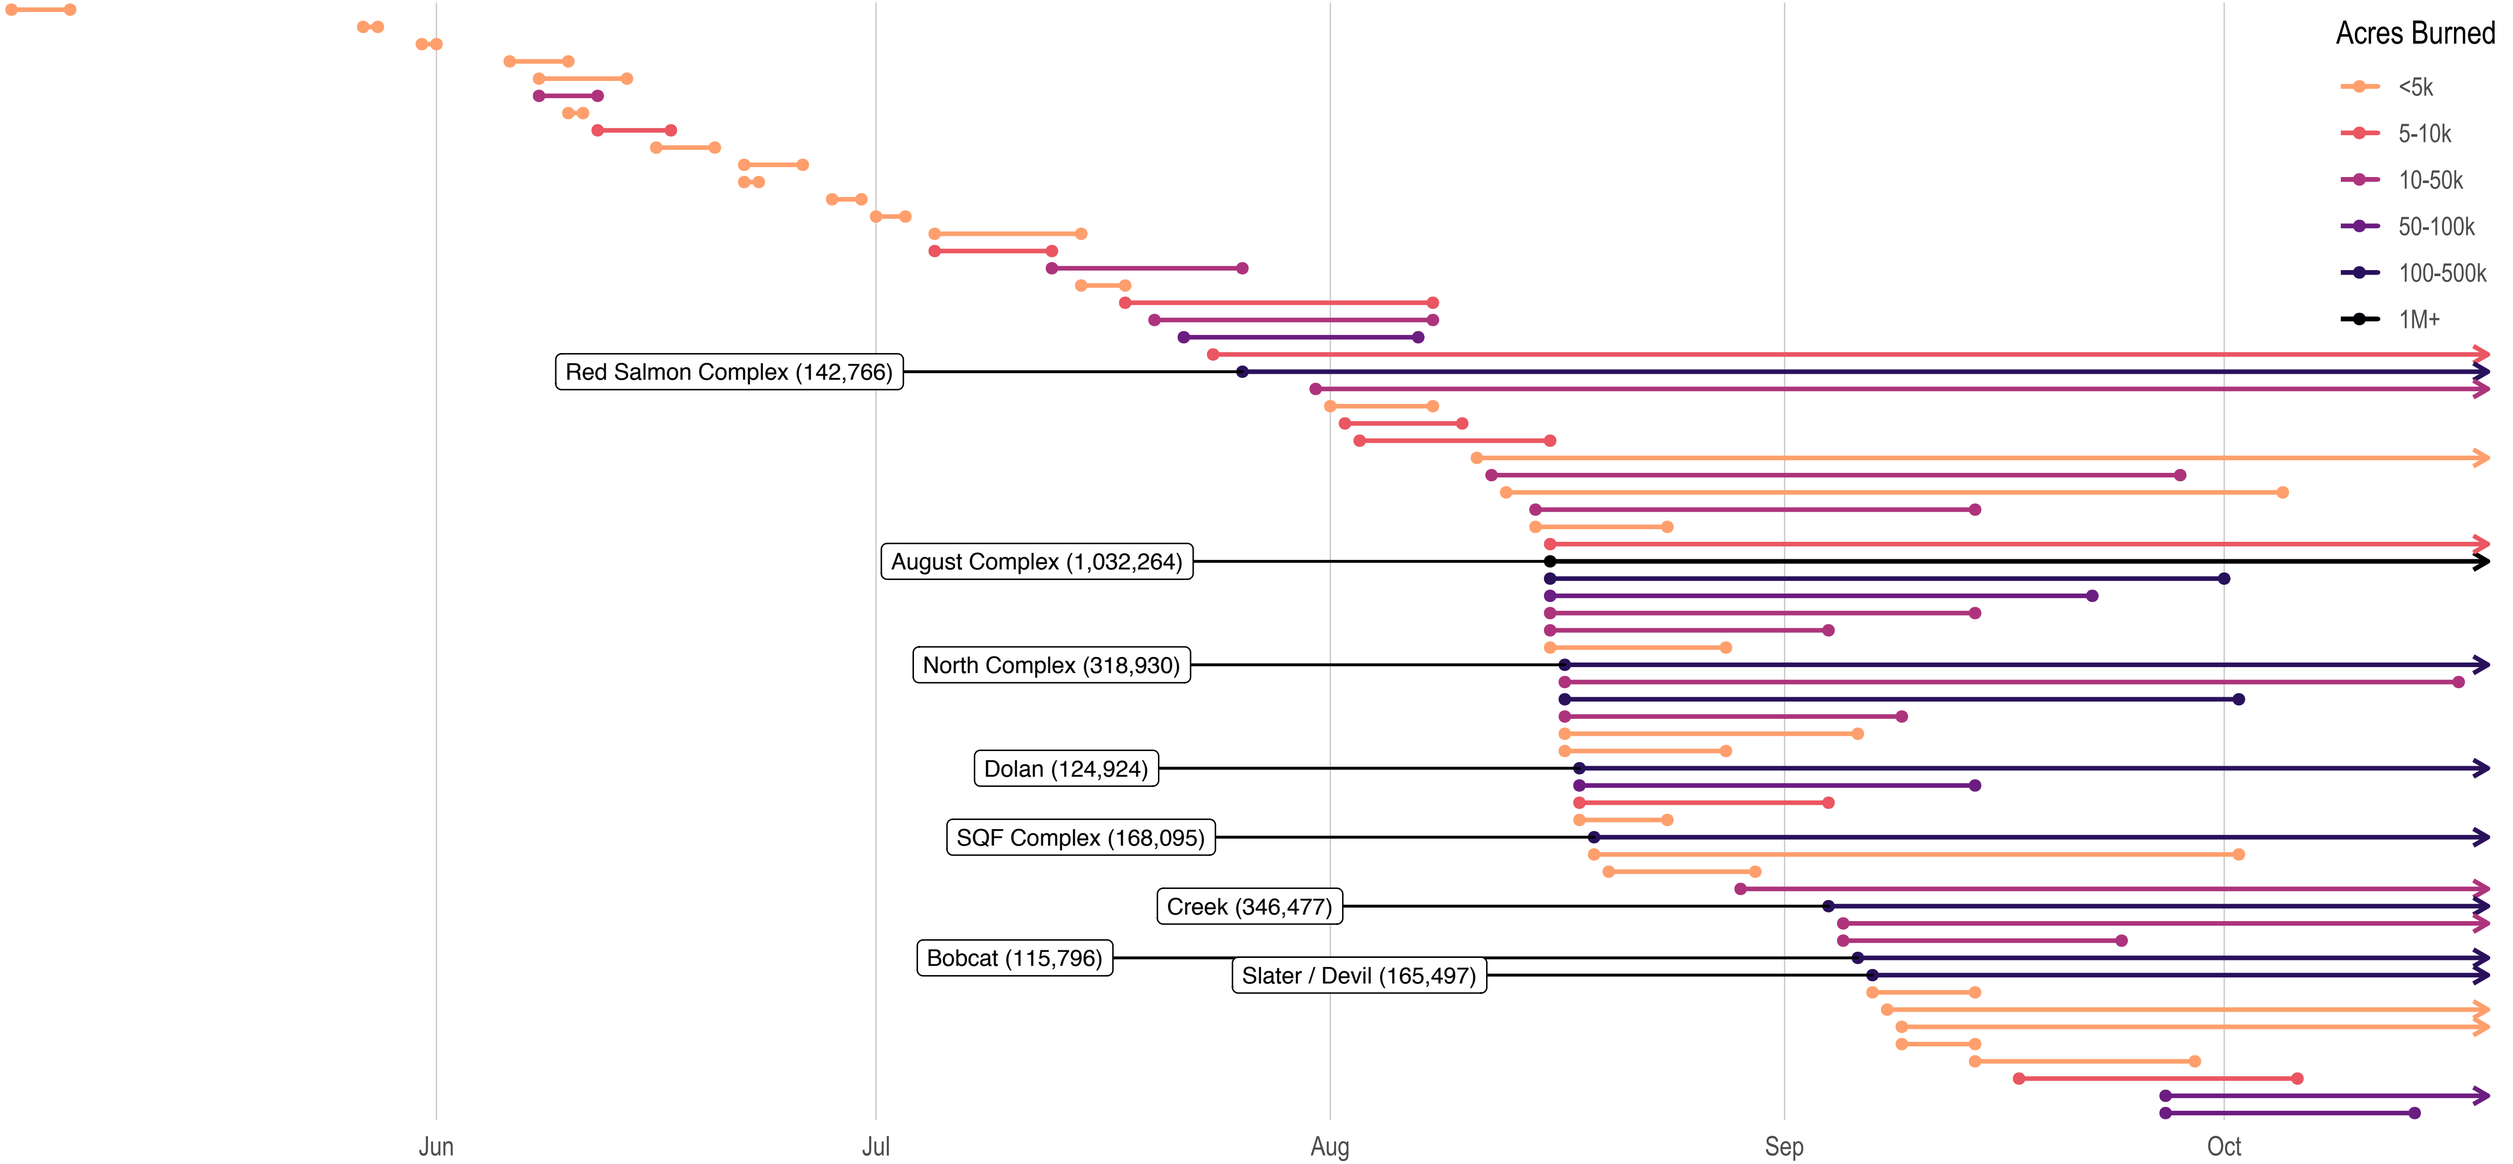
California Fires in 2020



https://en.wikipedia.org/wiki/2020_California_wildfires

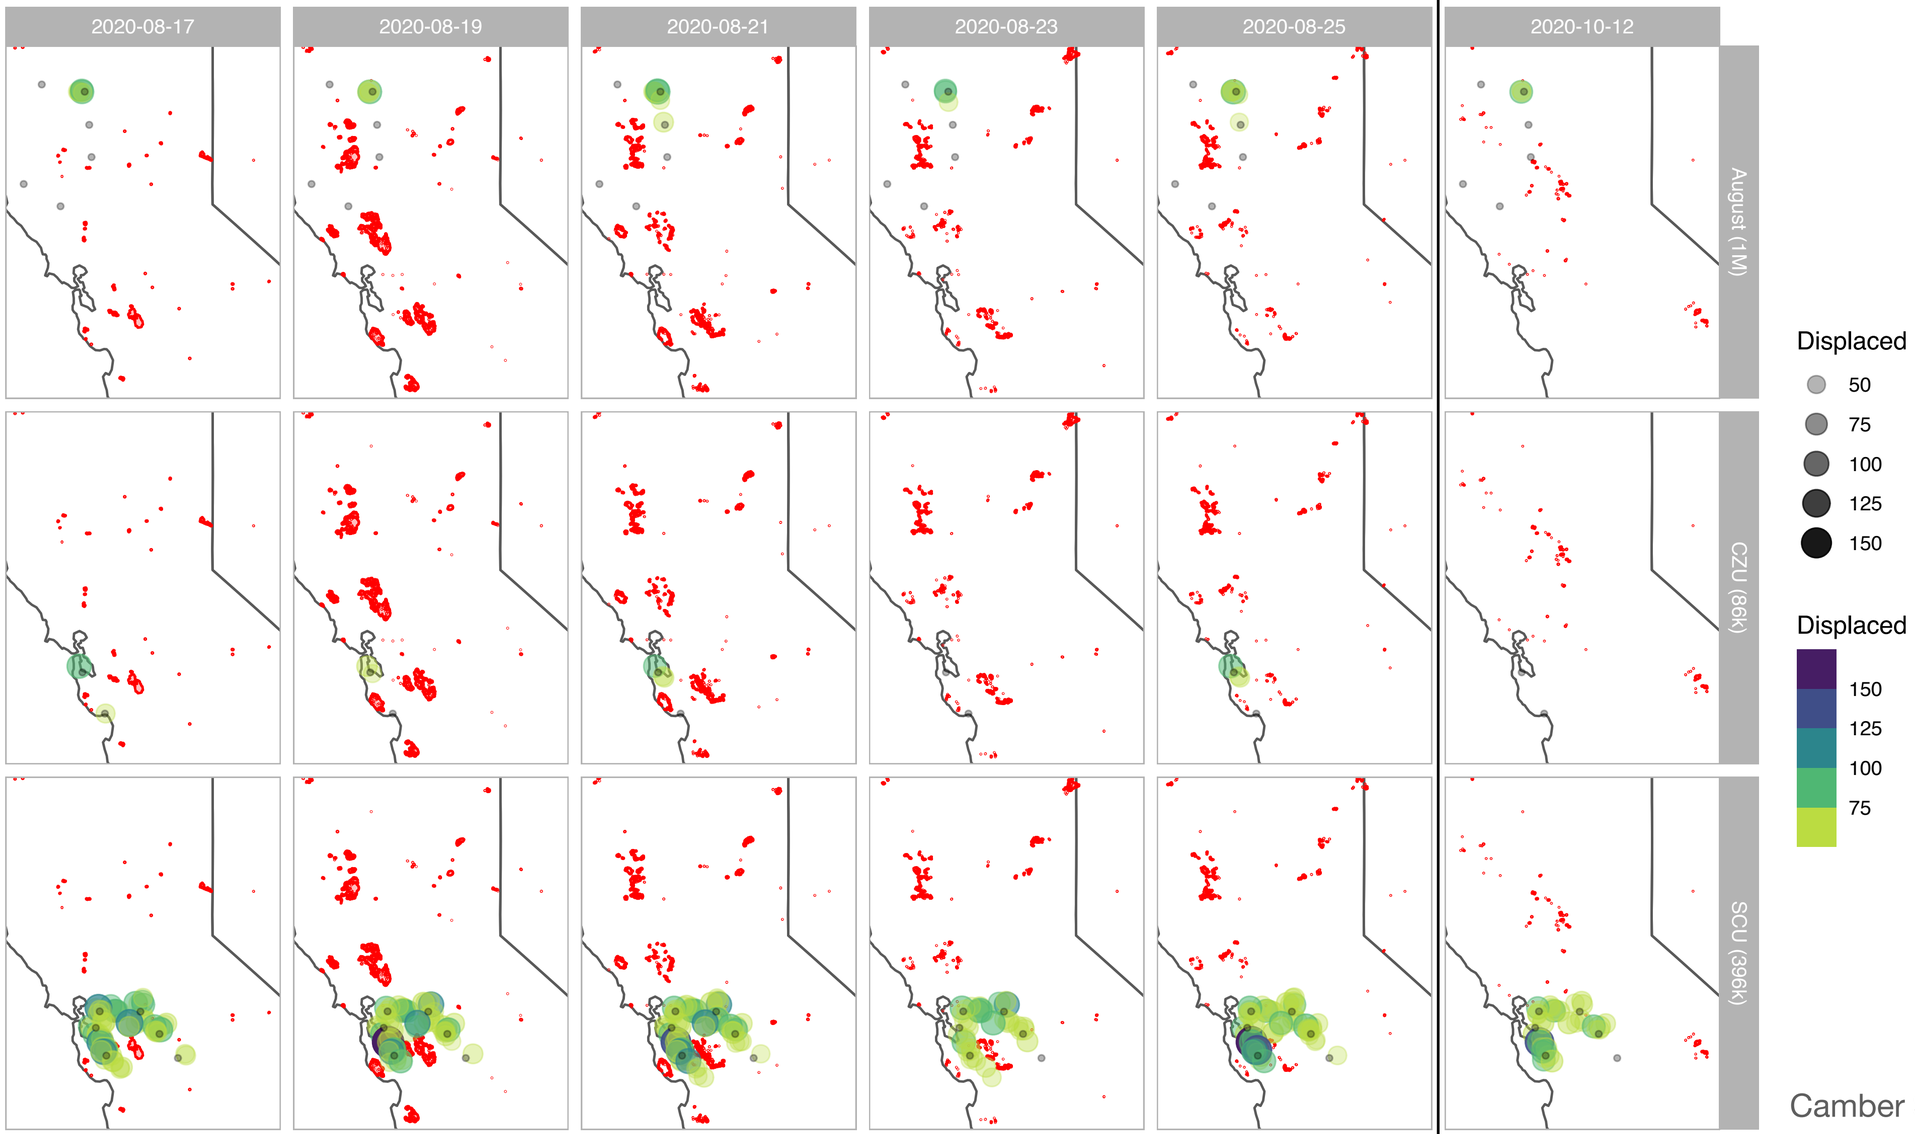
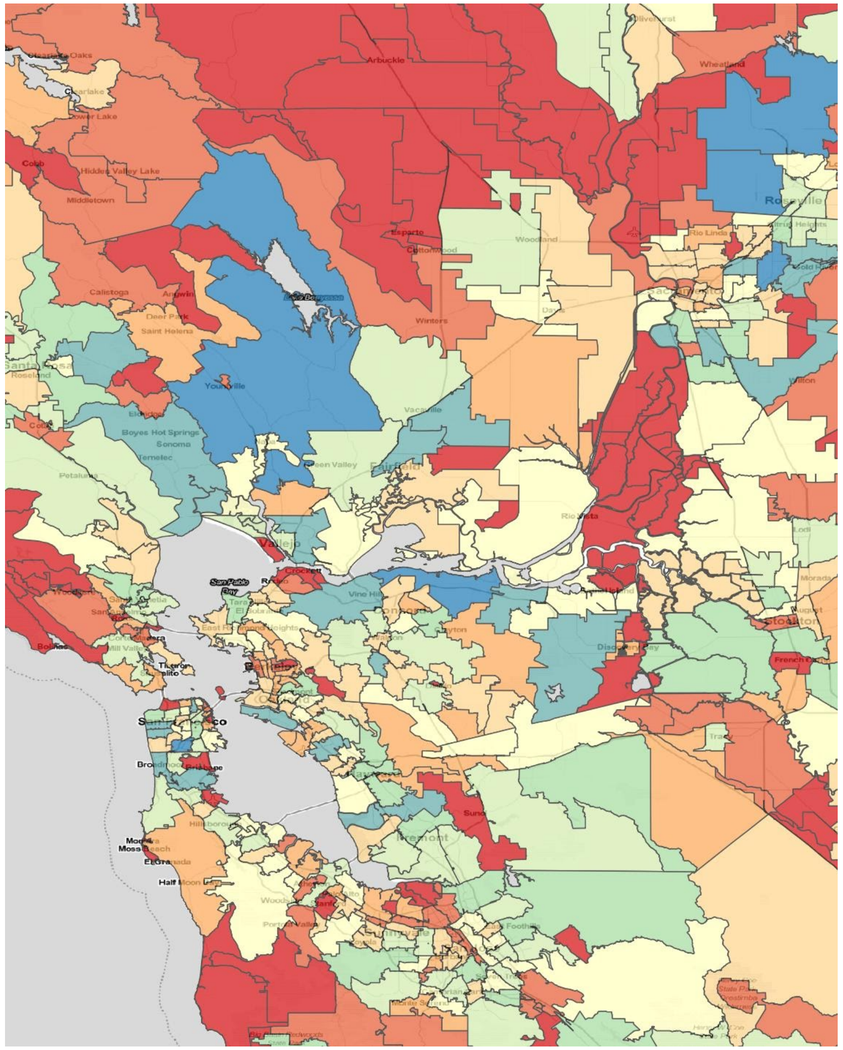
Where are people going?

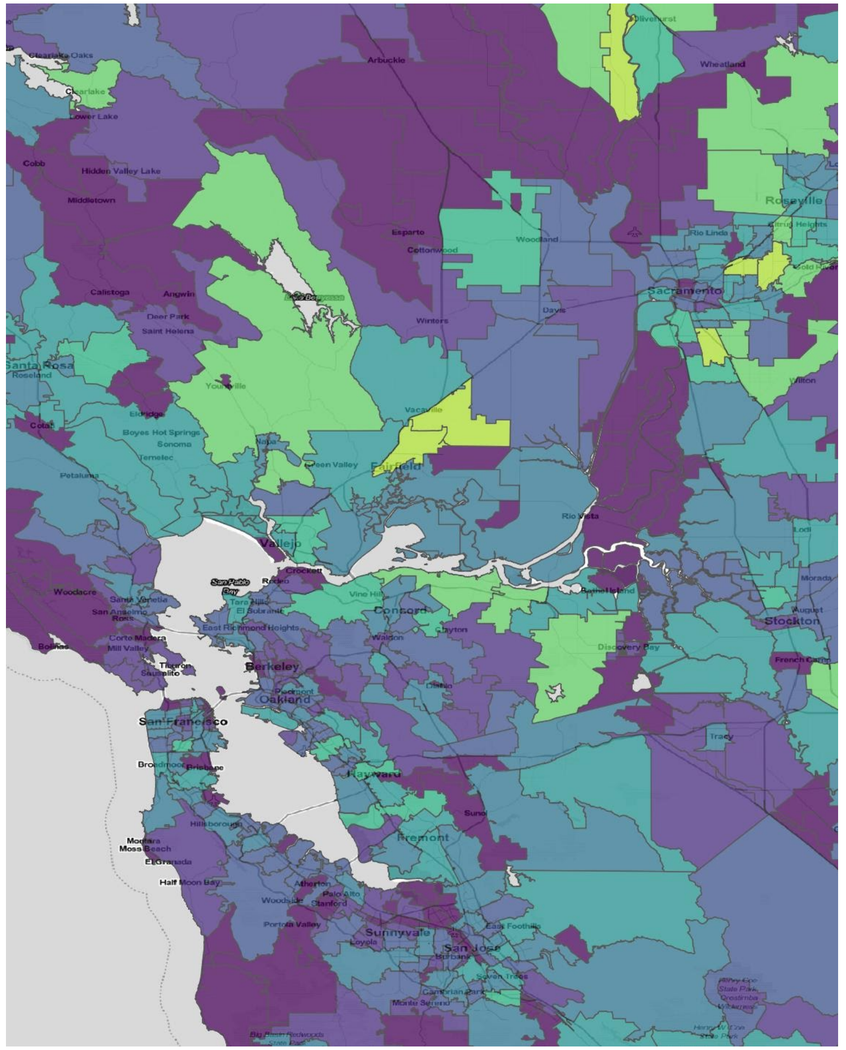


Camber Systems

Where are medically vulnerable people?

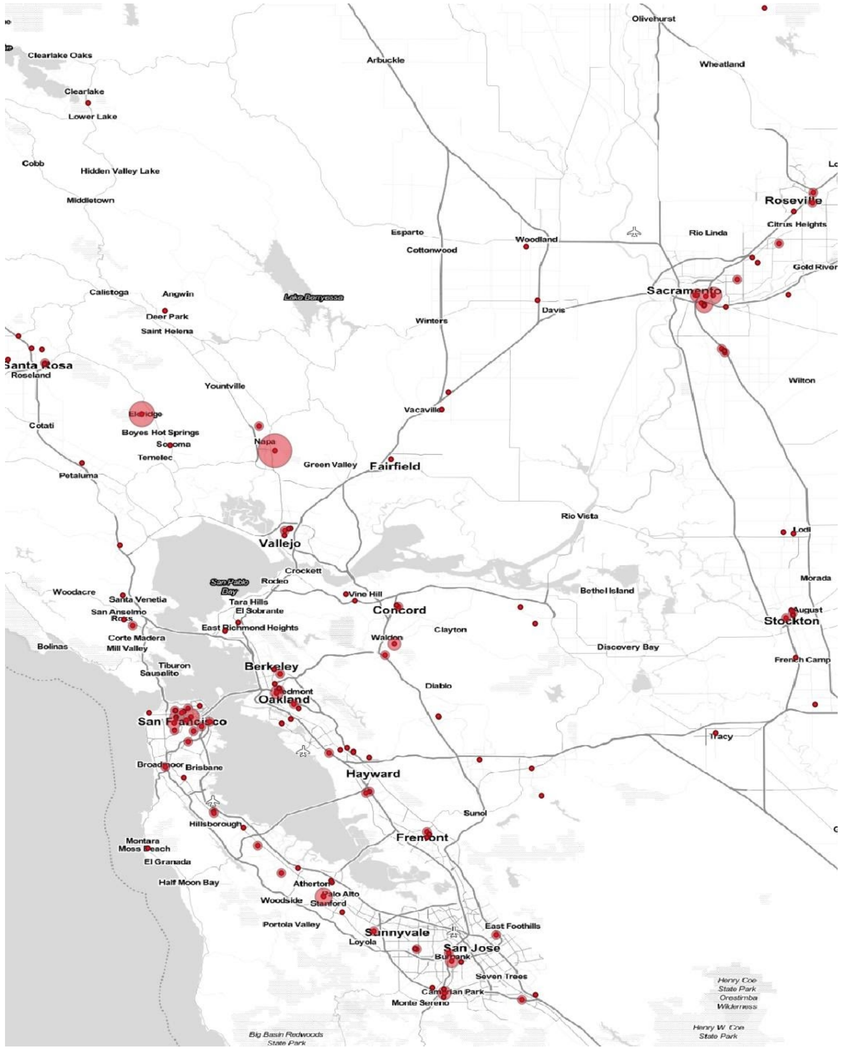


Number of Medicare beneficiaries

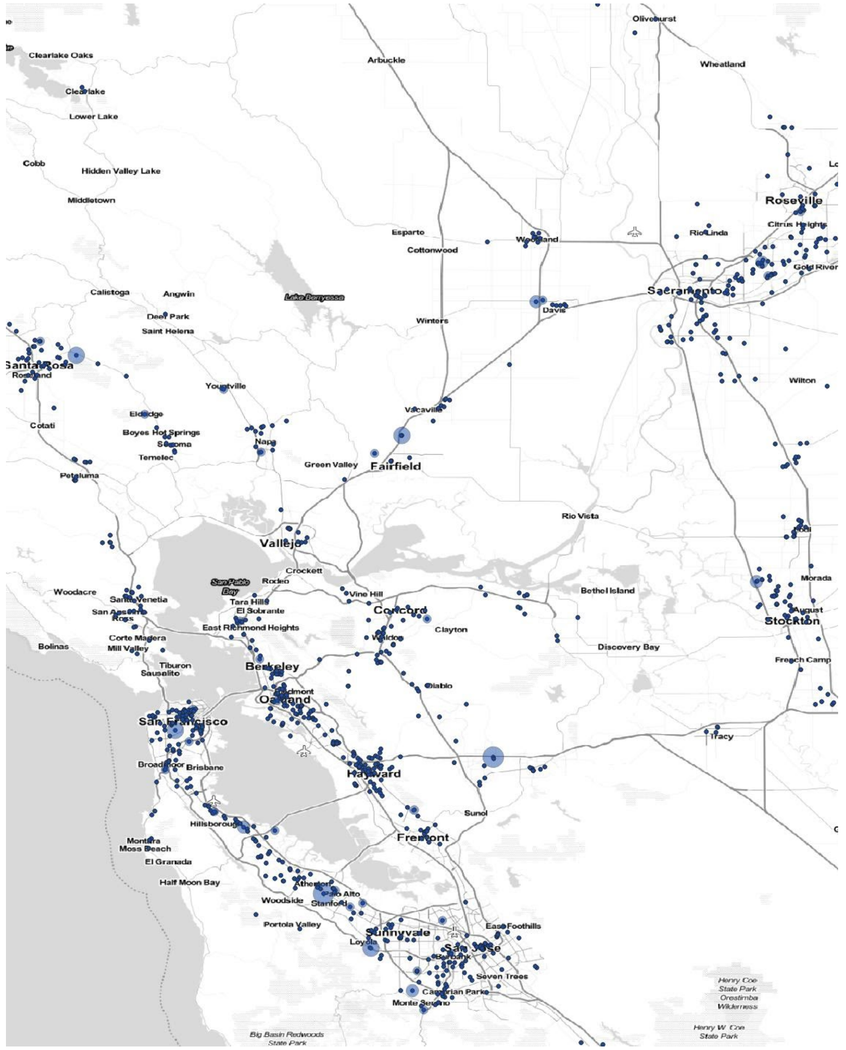


Number of Medicare beneficiaries with electricity-dependent durable medical equipment

Where are important facilities?



Hospital locations (capacity)



Nursing home locations (capacity)

Next questions

Next questions

- What are the needs of those affected by wildfires? What is the on-the-ground experience of those running medical clinics and FHQCs? (Qualitative study starting soon.)

Next questions

- What are the needs of those affected by wildfires? What is the on-the-ground experience of those running medical clinics and FHQCs? (Qualitative study starting soon.)
- What are the mobility dynamics of wildfires and associated evacuations? How do they compare to other natural disasters?

Next questions

- What are the needs of those affected by wildfires? What is the on-the-ground experience of those running medical clinics and FHQCs? (Qualitative study starting soon.)
- What are the mobility dynamics of wildfires and associated evacuations? How do they compare to other natural disasters?
- What makes evacuation orders and PSPS warnings more (or less) effective?
